

## Completion of Personal Income Tax Returns

Did you know that approximately **55%** tax returns prepared by residents residing within Labrador Inuit Lands or within each of the five Labrador Inuit Communities **ARE NOT** completed properly?

When preparing your tax return, please ensure that you, or your tax preparer, **check** the box on your personal tax returns to indicate that you resided on Labrador Inuit Lands or within the Inuit communities of **Rigolet, Makkovik, Postville, Hopedale** or **Nain**.

It looks like this:

**Residency information for tax administration agreements**

For more information, see Information Sheet T1-NL01(E), *Residency information for tax administration agreements*, included in this tax package.

Did you reside within the Inuit communities of **Rigolet, Nain, Hopedale, Makkovik, or Postville**, or within **Labrador Inuit Lands**, on December 31, 2015? ..... Yes  1 No  2

Please note that this will not result in any change to the amount of tax you have to pay. However, it will ensure the Nunatsiavut Government receives 95 per cent of tax revenue in accordance with the Personal Income Tax Administration Agreement in place with the Government of Canada.
