GOVERNMENT TO DIRECT SOURCE GOODS OR SERVICES NEEDED TO
REMEDiate AN EMERGENCY RESULTING FROM A DRAINAGE SYSTEM
FAILURE.**

Short Title

1

This Order may be cited as the *Nain Procurement Exemption Order, 2020*.

Authority

2

This Order is made under section 7(2) of the *Procurement Act*.

Interpretation

3

Unless the context otherwise requires, terms used in this Presidential Order have the same meaning as in the *Procurement Act*.

Determination of Emergency

4

An emergency arises due to damage that has occurred in the recently constructed subdivision in Nain by excessive amounts of water runoff, resulting in failure of constructed drainage systems. The situation requires remediation to prevent further damage occurring and is a matter of safety. Delay in remediating the situation would be injurious to the public interest.

Procurement Exemption Granted

5

I ORDER under s. 7(2) of the *Procurement Act* that the Nain Inuit Community Government may direct source any good or service required to remediate this situation. I recommend that the NICG consider any opportunity to evaluate value for money in whatever procurements that are determined necessary.
