For Immediate Release

Food Supplement Support and Cleaning Supply programs extended

The Nunatsiavut Government is advising Beneficiaries of the Labrador Inuit Land Claims Agreement that the Food Supplement and the Cleaning Supplies programs will be extended to March 31, 2023. The programs were not designed to be permanent and will end on April 1, 2023.

Beneficiaries are encouraged to prepare for when the programs end, and to make adjustments (both financially and personally) to help ease the transition away from the support offered through these initiatives.

No support programs will be available after March 31, 2023.
