

Legend

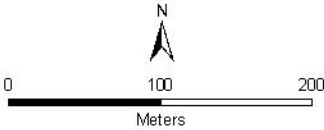

- Proposed BESS Location
- Community Area of Interest
- Labrador Inuit Lands

Notes

1. Identify the sensitive areas within the yellow boundary by circling these areas on the map.
2. If there are more than one sensitive area, please number them and provide a comment of those areas stating what is in that area and what our team should be looking for.
3. Submit your marked-up map to the (Blank) office, where your maps can be observed and kept for designing purposes.
