Addendum

Design of Audio-Visual Systems for The Nunatsiavut Assembly Building

Issue Date: Feb 16th, 2026

Closing date and time: March 16th, 2026 4pm AT

Compilation of questions received from all parties up to and including March 9th and associated responses.

1. Is a site survey required to bid on the project?

No, a site survey is not required to bid on this RFP, but will be required during discovery phase of project.

2. Is there a list of specific requirements for the project, including:

- Videoconferencing
- Streaming
- Audio-conferencing solutions

All 3 are required. To which extent would be determined during discovery.

3. Are floor plans or photos of the meeting space available?

Architectural drawings of the meeting space can be made available to successful bidder.
